# Animal A to Z

## What's Animal A to Z?

It's a drawing prompt game to explore lettering and animals.

### How does it work?

Think about different styles of lettering and how to combine your unusual animal into the design. Perhaps the letter is in fur, or the animal is wrapped around the letter!

(Not sure what our UNUSUAL animals look like? Search for reference images online!)

Be sure to share a picture of your creation on social media with us!
